SOCRRA RESIDENTS CAN BRING IN YARD WASTE FOR FREE

December 19, 2016 – March 31, 2017

Note: Christmas trees are now accepted too!

In the absence of curbside collection of yard waste during the winter months, residents (no businesses, landscapers, etc.) of SOCRRA's Member Communities (see list above) can bring their Christmas trees, bags of leaves, grass or brush bundles (up to 10 filled yard waste bags or bundles per home per day) to the SOCRRA site, located at 995 Coolidge in Troy across from Meijer (between 14 & 15 Mile Roads), from December 19, 2016 to March 31, 2017 for composting, at no charge. Hours are M-F 8 am-4 pm and Sat 8 am- 2 pm. Curbside collection of yard waste will begin again in your community the week of April 3, 2017.

This **free** service is available only for SOCRRA residents and only during the dates listed above. The regular disposal rate of \$60.00/ton with a \$35.00 minimum charge will apply at all other times and to yard waste brought in by businesses or landscapers.

Simply drive through SOCRRA's gates and **go straight ahead to the scale in front of the MRF Building**. Stop and see the Scale Operator for instructions as to where to place your yard waste.

Plastic bags must be removed before dumping. SOCRRA does not accept grass or leaves in plastic bags because the grass becomes very odorous between the time the lawn is cut and the time the material is collected at the curb.
